May 2008

Greetings!

Chasen Galleries announces

Dino Rosin Glass Art

There will be a 20% price increase on all Dino Rosin Glass sculptures on June 1, 2008.

We are encouraging all lovers of Dino Rosin's exceptional art pieces to purchase before that date.

They will make a wonderful Mother's Day Gift!

Legendary glass artist, Dino Rosin uses the ancient technique of "calcedonia" coloration for his glass works of

art. Each sculpture has its own unique coloration, not to be duplicated. Colors range from bright yellows to deep purples, varying on the metals used, temperature and duration the glass is in the furnace. There are many styles to choose from but no two are ever identical.
